Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

STATEMENT: The entire delay in filing the required notice of a foreign or international filing from the due date for the required notice until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).]

**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**REVIVAL PETITION FACTS STATEMENT**

Dear Sir:

This paper accompanies a petition to revive the subject application, which appears to have been unintentionally abandoned on October 22, 2004 for failure to notify the Office of an international filing on September 7, 2004. No notification of abandonment has been received, and the Office is believed to have been unaware of any abandonment of the subject application.

It had been believed, by all parties involved with prosecution of the subject application, that all actions necessary to apprise the Office of foreign filing of the subject application had been taken. However, in reviewing the file for unrelated reasons at 11 PM on January 2, 2007, Mr. Martin Jaquez, Esq., by chance noticed, for the first time and contrary to previous belief, that a Notification of Foreign Filing had not been submitted and was needed.

Therefore, such notification is being submitted at the earliest reasonable opportunity after its absence became apparent. The notification is included with an executed petition to revive (form

**PER-005-PAP**  
**Appl. No. 10/658,154**

**Date: January 4, 2007**

PTO/SB/64a), which is attached hereto, together with a check for the requisite small entity fee of \$750 pursuant to 37 CFR 1.17(m).

Because the entire period of delay in filing the notification of foreign filing was thus unintentional, the undersigned respectfully requests that, if deemed abandoned, the subject application is promptly revived in response to the attached petition.

There has thus far been no hiatus in prosecution of the subject application, nor is any delay of any required response intended.

The Commissioner is authorized to charge further fees that may be required to effect revival of the subject application, and to credit any overpayments, to our Deposit Account No. **50-0490**.

Respectfully submitted,
